

## Technical data: Model L 07 HW water cooled

The L 07 HW water cooled unit must be connected to a ½" water supply, minimum pressure 1.0 bar, highest pressure 6.0 bar. ½" unpressurised water outlet. Water hoses used for connection must be approved for 15 bar operation.

Dimensions	
Width	415 mm
Height	1440 mm
Depth	770 mm
Weight	235 kg
<b>Mains connection</b>	3 / N / Pe ~ 50 Hz 16 A CEE Plug
Mains voltage	400 V
Rated power	2,4 kW
Mains connection: 16 A with delay fuse	
The circuit must always be live even after the close of business	

### Sales Program

Freezing out ice cream mix with high overrun.

### Preservation Program

The ice cream mix is cooled automatically.

### Pasteurisation Program

The ice cream mix is pasteurised and then cooled.

### Emptying Program

Cleaning and rinsing the machine.

### Heat sterilisation Program

Heat sterilisation of freezing cylinder and reservoir with drinking water.
